ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was electronically received by the Board of Patent Appeals and Interferences on August 10, 2008. A review of the application revealed that it is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the Examiner to address the following matter requiring attention prior to docketing.

**APPEAL BRIEF, GROUNDS OF REJECTION**

A review of the file finds that the grounds of rejection of the claims as provided in the Appeal Brief filed September 26, 2007 under the heading “Grounds of rejection to be reviewed on appeal” is unclear and/or is not consistent with the grounds of rejection of claims of record. The grounds of rejection of the claims as provided in the Appeal Brief must be consistent with the last Office action of record, including any Advisory action responsive to any after final submissions. Each Grounds of rejection to be reviewed on appeal must be identified.

A review of the last Office action, including any mailed Advisory Action(s) finds that claims 1-14 and 25 are rejected under 35 U.S.C. 103(a) as being unpatentable over Aoki (U.S. Patent No. 5,424,486) in view of Fujishima (U.S. Patent No. 6,057,502); whereas Appellants have either not indicated the grounds of rejection of these claims or has improperly listed these claims as claims 1-25 are unpatentable under 35 U.S.C. 103(a) over U.S. Patent No. 5, 424,486) to Aoki in view of U.S. Patent No. 6,057,502 to Fujishima. Correction of the Grounds of rejection to be reviewed on appeal for all claims is required.

Accordingly, it is **ORDERED** that the application is returned to the Examiner:

- 1) to hold the Appeal Brief filed on September 26, 2007 defective;
- 2) notify Appellants to file a paper properly addressing the Grounds of rejection of all claims;
- 3) for such further action as may be appropriate.

If there are any questions pertaining to this Order, please contact the Board of Patent Appeals and Interferences at 571-272-9797.
